

# Demystifying MAiD:

## what Christians want to know

The option of medical assistance in dying (MAiD) has been available in Canada since June 2016. Annually, well over 3,500 Canadians with a terminal diagnosis are now choosing to end their life in this manner.

Many of us know of someone who has died this way, and we have pressing questions. What do faithful Christians most want to learn about MAiD? A public, three-part Saturday morning series will address these key areas.
