

## *Hope abounds at BC Children's Hospital*

**H**eat-warming smiles from children and families, healthcare for all children and youth, hardworking teams, humanity

**O**ngoing research, outreach clinics in B.C.

**P**artnerships with patients and families, providing specialized care, patient safety

**E**xperts performing life giving procedures, empathy, excellence in care, extreme efforts during extraordinary times

This is where I experience Hope in my secular working world.

- *Sara Hanney, pediatric nurse & member of St. Clement's parish*
